

Reminders for #30DaysofGoddess

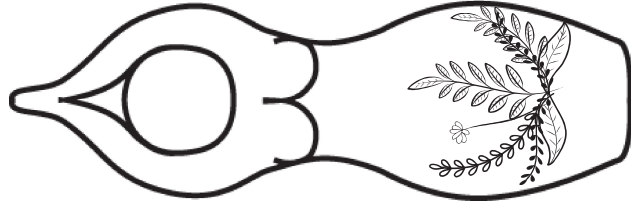

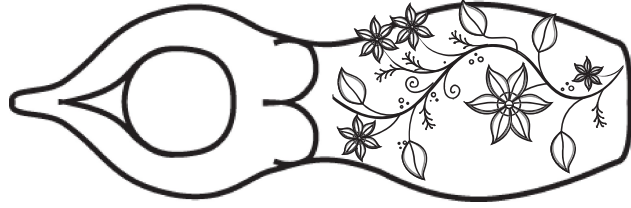

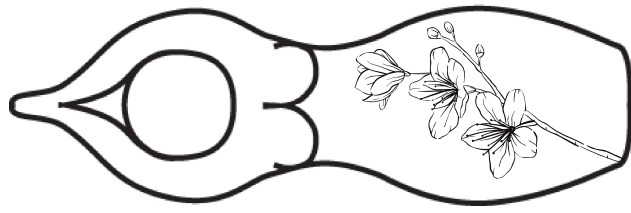

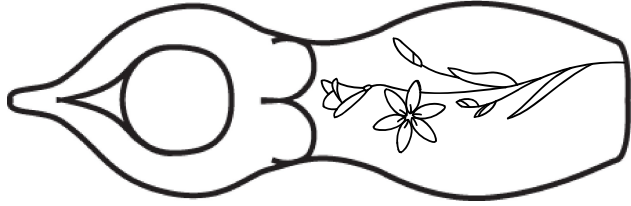

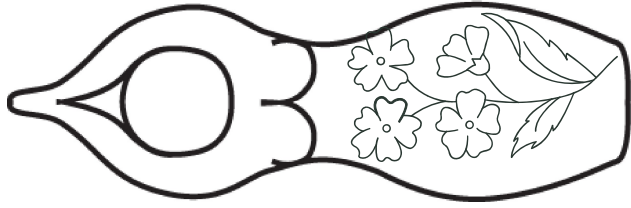

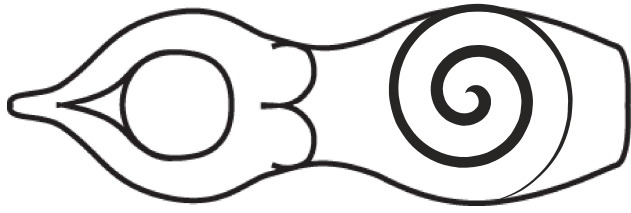

1. Keep it simple.
2. Keep it small.
3. Keep it nurturing/personally meaningful.
4. Trust the joy and yourself.
5. Keep your promises to yourself.
6. Commit to a daily practice of some kind.
7. Follow the inspiration.
8. There is no behind and no right way! (Really!)
9. Trust the Goddess/the Sacred to show up in some way, every day.
10. Remember: *you are your own sacred space*. At any time at any place, no matter what you've missed or skipped, or want to catch up with, you can lay a hand on your heart and come home to yourself. Center yourself back into presence, feel the pulse of the sacred that connects you to it all, and remember that you belong.

May I
celebrate the
joy
arising in
each new day.

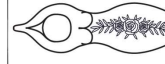

May our days be
made of meaning,
purpose and
passion
twined together
into one whole
life.

May I let the
spark
of longing
within me
blaze up to light
my way.

May my heart be
warm,
may my steps be
light,
may my
thoughts be free.

May I pause
and wait
for the next
step to be
revealed.

This is your life,
right here,
right now,
as small and magnificent
as this.
A gift.
A blessing.
A prayer.

May I
nourish and
nurture
seeds of
possibility.

May we hold our
lives
with love and care,
may we watch for
joy
and join her dance
as often as we can.

May I reach out
and touch the
pulse of the
sacred,
may I keep
company with
joy.

May I root
down,
rise up,
and bloom.

May I flow
with ease.
May I flow's
with the day's
unfolding.

My prayer is
a pause,
sacred,
sweet,
necessary.

May I center
myself
into purpose.
May I make
contact
with my sense of
purpose
within.

May I be green,
rooted,
and whole,
divine green in
a powerful
circle.

May I choose my
heart,
may I choose desire,
may I choose
devotion,
again and again.

When I feel
the pulse of
longing, I
listen and
learn.

May I allow
myself to
be surprised
by my own
capacity.

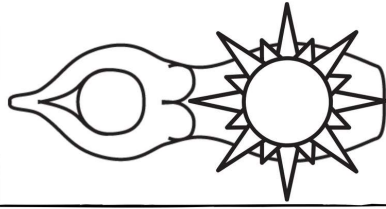

I create my
own magic
wherever I
go.

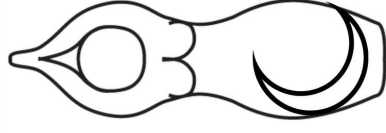

Let us come to
the edge and
stand there
laughing, all
our choices in
our hands.

I trust my own
magic rising up
from deep inside. I
trust in
possibility, the
goddess as my
guide.

I am one tiny
person on a
whirling world
encased in
infinity, I can
take a risk.

Molly Remer, patreon.com/brigidsgrove

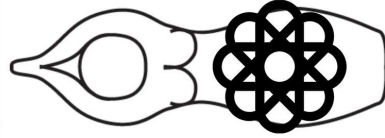

I delight in small
magics and
ordinary marvels,
in being human
and hoping and
here.

Molly Remer, patreon.com/brigidsgrove

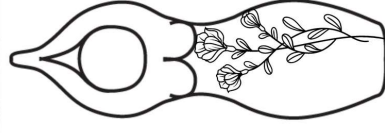

I am not afraid
to listen to
desire. She's a
wise teacher
and brave
guide.

My meditation is:
listening to my
body,
learning from my
heart,
trusting my joy.

Molly Remer, patreon.com/brigidsgrove

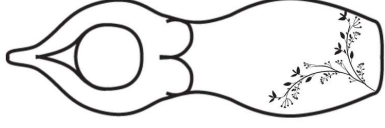

I discover
my own magic
in the temple
of the ordinary.
May I take a deep
breath,
open my eyes,
lay a hand on my heart,
and return myself to
temple presence.

I take a deep breath
and soften my gaze,
allowing the magic
of where I am and
what I see and feel
right now, to
inspire me.

Molly Remer, patreon.com/bridsgrove

Here I stand
open and
willing, the
goddess as my
companion and
guide.

Molly Remer, patreon.com/bridsgrove

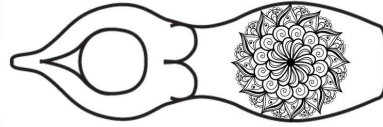

There are bits of
magic and scraps of
wonder all around,
I gather them
together and
delight in what I've
found.

Molly Remer, patreon.com/bridsgrove

May we protect
space in our
lives for the
sacred to speak
and the self to
listen.

Molly Remer, patreon.com/bridsgrove

There is inspiration
everywhere
as fierce and
constant as the sea.
I let it bathe me and
encourage me,
nourish me
and fuel me.
